## Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specially on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

# TAKE CARDUI

### It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down aches, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

### Why Educate?

Because the mind is inactive until educated to do something. The cheapest and most profitable education is that which trains the mind to do something. Every person should, at least, be self-sustaining. Thousands of young people are thrown out on the world every year unable to earn a livelihood. A few months spent in a school of training will prove worth many times the expenditure of time and money required for the training.

Listen! One young man spent three months in our Telegraphy Department,

and walked out the first day of the fourth month into a railroad position at a salary of \$55.00 per month; another spent six months in learning bookkeeping and shorthand, and was placed in a position that pays \$75.00 a month. These are only two of the many young people we have prepared and placed in good positions. Does it pay to EDUCATE? Our students are in demand. We have more calls for our graduates than we can supply. Do you want a good position at good salary? If you do, come and let us train you for service. We have on special rates for our January opening. Everything taught that belongs to an up-to-date business college. Special preparation given those who are backward in the literary branches. Day and night sessions. Students enter at any time and find work for their needs. Write us if you wish to better your present condition. Address SOUTHERN BUSINESS COLLEGE, Live Oak, Fla., K. M. Clayton, President.
